Subject: RE: OCSD Pretreatment E-Reporting?

Hi Julio,

I'll have a draft permit for you to begin reviewing on October 5, sans the fact sheet.

I think a workshop (or hearing if things look like they could go on consent) could be scheduled for Feb or Mar 2019.

Robyn

Thanks so much for your reply, Julio. Looking forward to hearing more whenever you locate the submittal.

Best,
Amelia

Subject: RE: OCSD Pretreatment E-Reporting?

Hi Amelia,

I'm looking in our files for OCSD's pretreatment program modification submittal for their E-Reporting system. We are waiting for the renewal of their NPDES permit to include pertinent findings related to OCSD's local limits modification and pretreatment program E-reporting approvals. The permit draft is being done by Robyn Stuber of USEPA and we are waiting for the draft to review and make pertinent additions to reflect the two pretreatment items. I will get back to you either tomorrow or next week.

Thanks,

Julio C Lara, P.E.

Subject: OCSD Pretreatment E-Reporting?

Hi Najah and Julio,

Hope all's well. I recently heard from our HQ that they had approved OCSD's electronic pretreatment reporting system (to receive reports from their industrial users electronically instead of by hardcopy). I was wondering if OCSD had proceeded with the next step of this process (as described in our relevant [Guidance Memo](#), p.3 Step 4): submitting a pretreatment program modification to your Regional Board? Just wanted to check in on where the approval process was, and if the pretreatment modification hasn't already been approved by the Regional Board, see if I could provide any support.

Best,

Amelia Whitson
